

## Auditing Procedures Report

Issued under P.A. 2 of 1968, as amended and P.A. 71 of 1919, as amended.

Local Unit of Government Type <input checked="" type="checkbox"/> County <input type="checkbox"/> City <input type="checkbox"/> Twp <input type="checkbox"/> Village <input type="checkbox"/> Other		Local Unit Name Newaygo County	County Newaygo
Fiscal Year End September 30, 2006	Opinion Date December 8, 2006	Date Audit Report Submitted to State February 24, 2007	

We affirm that:

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

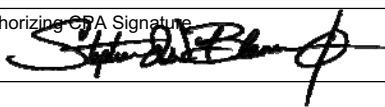

YES  
NO

**Check each applicable box below.** (See instructions for further detail.)

1. ☐ ☒ All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. ☐ ☒ There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. ☒ ☐ The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. ☒ ☐ The local unit has adopted a budget for all required funds.
5. ☒ ☐ A public hearing on the budget was held in accordance with State statute.
6. ☒ ☐ The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. ☒ ☐ The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. ☒ ☐ The local unit only holds deposits/investments that comply with statutory requirements.
9. ☒ ☐ The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. ☒ ☐ There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. ☒ ☐ The local unit is free of repeated comments from previous years.
12. ☐ ☒ The audit opinion is UNQUALIFIED.
13. ☒ ☐ The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. ☒ ☐ The board or council approves all invoices prior to payment as required by charter or statute.
15. ☒ ☐ To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

January 12, 2007

Board of Commissioners and the citizens of the County of Newaygo:

The Annual Financial Report of the County of Newaygo, Michigan, for the fiscal year ended September 30, 2006 is submitted herewith. The financial statements included in this report have been audited by Rehmann Robson, an independent firm of certified public accountants. The report is prepared for the purpose of disclosing the County's financial condition to its residents, elected officials, and other interested parties.

The financial statements have been prepared in compliance with applicable state statutes and Generally Accepted Accounting Principles (GAAP) as stated in the Governmental Accounting Standards Board statements and interpretations. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. As management, we believe that the data, as presented, is accurate in all material aspects, and that it is presented in such a manner as to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its funds.

The independent audit of the financial statements of the County of Newaygo was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and legal requirements involving the administration of federal awards. These reports are available in the County of Newaygo's separately issued Single Audit Report.

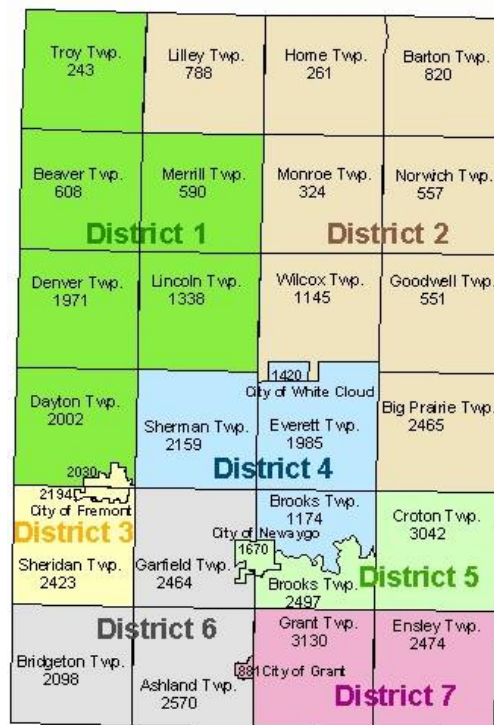

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County of Newaygo's MD&A can be found in the financial section of this report, immediately following the independent auditors' opinion.

## **NEWAYGO COUNTY AND ITS SERVICES**

### **General Information**

Until 1836, the Newaygo area was inhabited by mainly Native Americans. The lumbering industry took its foothold in the territory at this time and began drawing people into the area. In 1851, Newaygo became an official county of the State of Michigan. The estimated 2005 population was 50,019 with substantial growth expected for future years. Newaygo County encompasses an area of approximately 842 square miles and is located in the western Lower Peninsula. The County is comprised of 4 cities, 1 village, and 24 townships.

**Newaygo County by Commissioner**

The County is located in the west-central part of Michigan's Lower Peninsula. With 234 natural lakes and ponds, 356 miles of rivers and streams, and 349,132 acres of forest land, Newaygo County has become a prime area for recreational activities including hunting, fishing, canoeing/boating, hiking and camping. The County is also located in close proximity to the City of Grand Rapids, and has recently become a part of the Grand Rapids Metropolitan Statistical Area.

### **Newaygo County**

The Board of Commissioners is the governing board and policy-making body of the County of Newaygo. While many of its powers, duties and responsibilities are prescribed by law, and diffused through the wide-spread use of commissions, boards, committees, and independently elected county officials, the board is in charge of approving county policy and the budget as well as oversight of the County Administrator. The County Administrator is responsible for carrying out the policies, motions, resolutions and ordinances of the Board of Commissioners, for overseeing day-to-day operations of the governmental unit, and for appointing and supervising the heads of various departments. The Board of Commissioners is a seven-member board that is elected from single-member districts, determined by population, on a two-year term, partisan basis. From within its ranks, the board elects a Chairman and Vice-Chairman.

The financial reporting entity of the County of Newaygo includes all funds of the primary government as well as many of its component units. Component units are legally separate entities for which the primary government is financially accountable. The County provides a full range of services that are either mandated by State statute, or authorized by the County Board of Commissioners. These services include legislative, judicial, public safety, public works, health, welfare, cultural, recreational, capital improvements, and general administrative services including vital statistics and record keeping for births, deaths, and property.

The County adopts its annual budget in accordance with the State Uniform Budgeting and Accounting Act. The general, special revenue and debt service funds are under formal budgetary control. All departments and budgetary centers of the County are required to submit budget requests to the County Administrator. The Administrator then develops and presents a proposed budget to the Board for review. The Board generally holds public hearings in August and a final budget is approved prior to September 30, the close of the County's fiscal year. The appropriated budget is prepared by fund and department. Budget amendments and transfers of appropriations less than \$25,000 require Administrator approval. Board approval is required for all others.

## **ECONOMIC OVERVIEW OF NEWAYGO COUNTY**

The expansion and diversification of the Newaygo County economy continued in 2006 as employment, population and property values continued to climb. In general, the economic condition of the County is strong, especially in light of negative trends in manufacturing employment at the national and state level. Some of the highlights of the year include:

- Continued strong growth in population
- Strong increase in the number of residents with a job
- A decrease in the County unemployment rate, for the third consecutive year
- Strong retention of existing manufacturing jobs
- Strong growth in equalized valuations

### **Agriculture as a Key Industry**

For Newaygo County, and many of our rural counties throughout the state, agriculture is a key industry. Agriculture is the biggest industry in Newaygo County, with tourism being a close second. Annually, Newaygo County farms produce over \$60 million in sales, nearly three times the rate of the state on a per capita basis. In addition, the County's single largest employer is engaged in agricultural food processing and it is estimated that at least 20 percent of Newaygo County's direct economic output is tied to the agriculture. However, the indirect impact of the dollars circulating through the economy would raise the percentage even higher.

Gerber Products, known throughout the world for baby food, is the County's largest employer and is in the agricultural food processing business. Gerber began as a family owned business in Fremont, Michigan in 1928. Today, Gerber Products is headquartered in New Jersey and is part of Novartis, a multi-national corporation headquartered in Switzerland. They employ over 1,200 workers, including Gerber Life Insurance.

### **Population**

Newaygo County has been and continues to be one of the fastest growing counties in the nation and State of Michigan. From 1990 to 2000, the population of Newaygo County grew from 38,206 to 47,874, an increase of 9,668 or 25.3 percent. It is important to note, that during the 1990's, only 249 counties in the U.S. (out of 3,141) grew at a faster rate and added more people than Newaygo County. In Michigan, only two counties grew faster and added more people during this period.

Recent estimates put the population of Newaygo County at 50,019 as of July 1, 2005. This is an increase of 4.5 percent since the 2000 Census and represents a growth rate that is more than twice as fast as the state, and on par with the nation. The strong population growth of the past 10+ years is reflective of the outstanding quality of life that Newaygo County offers.

## **Employment**

Employment trends in Newaygo County continue to be positive especially in light of the continued slump in the manufacturing sector across the nation and within the state.

During 2006, employment based on residence in Newaygo County grew by 296 to a level of 22,271. This represents an increase over the previous year of 1.3 percent, faster than the state at 0.2 percent and slightly below the U.S. at 1.9 percent. The number of unemployed residents fell by 26 during the year. The combination of job growth and a reduction in the number of unemployed persons led to a decrease in the County's unemployment rate for the third straight year from 7.2 percent in 2005 to 7.0 percent in 2006. Newaygo County's unemployment rate in 2006 remained slightly above the state and national rate of 6.8 percent and 4.6 percent, respectively.

Given Newaygo County's close proximity to major employment centers in Grand Rapids and Muskegon, it is not surprising that almost half of the labor force living in Newaygo County work outside the County borders. Although some of this can be attributable to people moving to Newaygo County and keeping their jobs in other employment centers, job growth as measured by the place of business has been very strong in Newaygo County over the last 10+ years. A study by Wayne State University showed that of the State of Michigan's 83 counties, Newaygo County was one of only 19 (9<sup>th</sup> overall) to add jobs from 2000 to 2003.

Since 1999, manufacturing employment in the United States has fallen by about 23 percent and has dropped 31 percent in the State of Michigan. In contrast, manufacturing in Newaygo County has fallen just 5 percent during this same period. However, given this slight drop, manufacturing employment in Newaygo County still remains at or above 1990 levels. These items are attributable to a diversified manufacturing base and a strong retention program. Manufacturing employment within the County has been bolstered by concentrating on the manufacture of goods that weren't hit as hard by recent recessions and also by a strong retention program through the Newaygo County Economic Development Office (NCEDO) in partnership with state and local officials.

Employment performance in Newaygo County can be summarized as follows:

- Impressive employment growth as measured by both place of residence and place of business
- Strong overall manufacturing trends
- Relatively high, but declining, unemployment rate that is primarily due to strong local labor force growth over the last few years.

TOTAL EMPLOYERS	13	TOTAL EMPLOYEES	4,210

Source: Michigan Works! West Central

## **Property Values**

According to the State of Michigan Department of Treasury, equalized values (50 percent of full market value) increased by 5.6 percent in Newaygo County in 2006 compared to 5.0 percent for the state. Since 1999, equalized values in Newaygo County have grown 84.4 percent, significantly higher than the state growth rate of 67.2 percent.

Equalized values on a per capita basis were \$37,263 in 2006, compared to \$43,121 for the state. However, much of the differential between Newaygo County and the state is in commercial and industrial property values and is fairly typical for a rural county. Commercial development typically follows population growth and Newaygo County is beginning to see an increase in commercial developments. In recent years, a new Wal-Mart Supercenter has been built in Fremont and a new multi-use development is underway in the City of Newaygo.

## **Technology**

Newaygo County is fortunate to be one of the most technologically advanced rural areas in the country. A fiber optic cable telecommunication network exists that supports data, video, and voice communication capabilities that are available to all county residents. The network connects schools, municipal buildings, libraries, the hospital, private non-profit agencies, and area businesses making accessible universal Internet connectivity, technology labs, two-way interactive video classrooms, and telecommunications services. In addition, broadband internet connections are available in most areas of the County through cable, DSL and recently wireless service.

## **Future Prognosis**

Recovery from the state recession that started in the first quarter of 2001 has been delayed in part due to uncertainties stemming from the war in Iraq, including the possibility of terrorists' attacks here in the U.S., and the increasing price of oil, as well as fundamental changes in the way goods are manufactured. There are three main factors that could further affect the state's economy over the next few years: 1) continuing conflict in the Middle East; 2) minimal consumer spending; and 3) delays in revamping from a manufacturing state to a knowledge-based services state.

The federal and state budget deficits continue to remain at a crisis level and therefore the shifting of activities and requirements to the local level continues to be an issue. Newaygo County continues to experience a significant loss in support, but not a reduction in requirements regarding the delivery of services. The elimination of state revenue sharing and other reductions at both the state and federal levels have had disastrous effects on local governments throughout the state and Newaygo County certainly has felt these changes.

However, the difficult decisions in the past years, relative to reductions in spending and other proactive fiscal policies by the Board of Commissioners and Administration have begun to lay the ground work for a viable future for the County. Although the state has given mixed signals regarding the reimplementation of revenue sharing for counties, the County has already begun to reduce costs and streamline services in preparation for the possibility that the funding will not be replaced. Although these changes will take years to fully implement and come to fruition, management is confident that they will help make the County of Newaygo more efficient and better suited to continue to provide public services on the limited resources anticipated in the future. Unfortunately, one thing is certain, should revenues continue to decrease, inevitably, corresponding reductions in services will follow.

## **MAJOR INITIATIVES**

### **Facility and Related Improvements**

The County has either funded or is in the process of funding several major maintenance initiatives for county facilities:

- Replaced two roof top HVAC systems on the Jail at a cost of over \$33,000.
- Installed a new air conditioner in the Server Room in the Administration Building at a cost of \$7,234.
- A new generator was added to the Jail at a cost of \$78,500.
- New air conditioning units in the Animal Shelter at a cost of \$10,310
- New air conditioning units in the Sheriff's Department at a cost of \$5,240.
- Rooftop HVAC unit replacement on the Courthouse at a cost of \$52,398.
- Reheat coils placed in the Administration Building at a cost of \$9,502.
- New entry doors installed in the Administration Building at a cost of \$1,350.
- Expansion of the Health Services Building at a construction cost of \$1,400,000\*
- Renovations at the Sheriff's Department at a construction cost of \$7,124\*
- Construction of a North Admin. parking lot at a cost of \$65,230
- Renovations at the MSU Extension offices at a construction cost of \$15,000\*
- Sports park renovations at a construction cost of \$12,000\*
- Installation and construction of a sea wall and docks at Sandy Beach at a cost of \$55,452
- New carpeting installed in two areas of the courthouse at a cost of \$2,687
- Rekeying of all buildings on campus at a cost of \$3,551\*
- Installation of fans in the courtrooms at a cost of \$1,400
- Installation of card key access at the Sheriff's Department at a cost of \$4,421
- Installation of card key access within the courthouse at a cost of \$5,121
- Installation of a fire suppressant system within the Administration computer room at a cost of \$8,353

\* Estimated Cost

## **Technology Updates and Program Changes**

- **800 MHz Grant:**

Newaygo County received a \$298,000 grant from the federal government Homeland Security to purchase 800 MHz radios that could be tied into the State of Michigan's 800 MHz system. The program was initiated by the Newaygo County Sheriff's Office and Central Dispatch to enhance the communications within the public safety system. The system will provide for more safety for public safety officers and a better communications network. In fact, this system has been tested and the portable radios are so efficient that there is a 98% communication capability within the County. There are very few dead spots and the enhanced access allows the public safety officers to communicate while in buildings. The collaboration between the State Police allowing the County to use its towers for the 800 MHz system, coupled with the grant and the ability to provide the 800 MHz radios to all police within the County has enhanced Newaygo County Public Safety personnel's abilities to provide better public safety.

- **Upgrade of Data Cabling Wiring:**

We upgraded the data cabling wiring in the Courthouse complex to allow for the enhanced speed capabilities for the digital network. The Courts received a grant to enhance their data capabilities, but this grant only covered a portion of the Courthouse system. The County supplemented the grant to upgrade the entire Courthouse to the most current wiring system available.

- **Upgrade of Data Backup and Storage System**

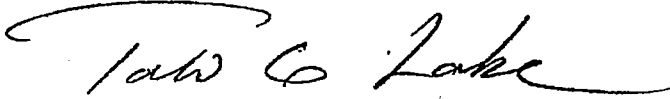

The County upgraded its data storage and backup system during the 2005 year. This has provided for the better management of data and has allowed for future growth. In addition, improved backup of critical data is automated, consistent, and more reliable.

- **In Car Computers for Public Safety Officers**

In 2005, Mobile Data Terminals (M.D.T.) were provided to the Newaygo County Sheriff Department, Fremont Police Department, Newaygo Police Department, Grant Police Department, Hesperia Police Department, and White Cloud Police Department out of the FY 2004 Homeland Security Grant Law Enforcement Terrorism Prevention Program Funding. The Newaygo County Local Emergency Planning Team (LEPT), which consists of key emergency response representatives from various agencies serving Newaygo County, worked together to identify strengths and weaknesses within the County and

Homeland Security project priorities based on identified weaknesses to improve response capabilities. Before M.D.Ts were installed in officer's patrol cars, all information requests regarding individuals, vehicles, or license plates, etc. had to be requested through the Central Dispatch center, requiring the dispatcher to look up the information from various sources. The M.D.T project has increased Law Enforcement capabilities County-wide by providing easier access to remote database files, such as the Law Enforcement Information Network (L.E.I.N), which in turn results in improved officer safety and enhanced communications capabilities.

Respectfully submitted,

Tobi G. Lake  
County Administrator

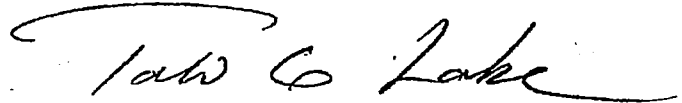

**STATEMENT OF MANAGEMENT'S  
RESPONSIBILITY FOR FINANCIAL STATEMENTS**

---

Responsibility for the integrity of the financial data presented rests with the County. I believe the data to be accurate in all material aspects. These financial statements are prepared in accordance with Generally Accepted Accounting Principles applicable to county governments and State statutes.

The County maintains a system of internal controls to provide reasonable assurance that the books and records reflect authorized transactions of the County.

Rehmann Robson, the County's independent certified public accountants, have audited the accompanying financial statements, and the supplemental financial information has been subjected to the auditing procedures applied in their audit. Rehmann Robson's opinion is included in the financial section of this report.

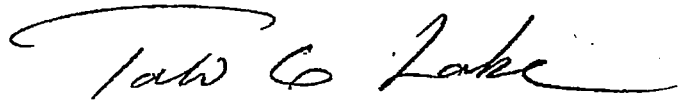

A handwritten signature in black ink, reading "Tobi G. Lake", is written over a horizontal line.

Tobi G. Lake  
Administrator

## ACKNOWLEDGEMENT

---

I would like to express our gratitude to all members of the Newaygo County Board of Commissioners for their interest and support in planning and conducting financial operations of the County of Newaygo in a responsible and progressive manner.

A handwritten signature in black ink, reading "Tobi G. Lake". The signature is fluid and cursive, with a large initial "T" and "L".

---

Tobi G. Lake  
Administrator

## INDEPENDENT AUDITORS' REPORT

December 8, 2006

The Board of Commissioners  
County of Newaygo, Michigan  
White Cloud, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **County of Newaygo, Michigan**, as of and for the year ended September 30, 2006, which collectively comprise the basic financial statements, as listed in the table of contents. These basic financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note I.A. to the financial statements, management has elected to omit the financial position and results of operations of the Newaygo County Road Commission and Medical Care Facility from the County's financial statements. Accounting principles generally accepted in the United States of America require that these two entities be included in the County's financial statements as discretely presented component units. The amount by which this departure would affect the assets, net assets, and revenues of the aggregate discretely presented component units is not reasonably determinable.

In our opinion, because of the omission of the Newaygo County Road Commission and Medical Care Facility, as described above, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the aggregate discretely presented component units of the County of Newaygo County, Michigan as of September 30, 2006, or the changes in financial position for the year then ended.

Finally, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Newaygo, Michigan, as of September 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof, and the respective budgetary comparisons for the general fund and each major special revenue fund, for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3-13 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2006, on our consideration of the County of Newaygo, Michigan's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters in a separately issued single audit report. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section and combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of the County of Newaygo, Michigan. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based upon our audit, are fairly presented in all material respects in relation to the basic financial statements taken as a whole.

The Introductory Section, as listed in the table of contents, was not audited by us and, accordingly, we do not express an opinion on it.

A handwritten signature in black ink, reading "Lehmann Johnson". The signature is written in a cursive, flowing style.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

## Management's Discussion and Analysis

As management of the County of Newaygo, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2006. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages ii-xi, of this report.

### ***FINANCIAL HIGHLIGHTS***

- 1 The assets of the County exceeded its liabilities at the close of the 2005-2006 fiscal year by \$23,511,598 (net assets). Of this amount, \$12,854,959 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- 2 As of the close of the 2005-2006 fiscal year, the County's governmental funds reported combined ending fund balances of \$10,568,470. Approximately 93% of this total amount or \$9,827,155 is available for spending at the government's discretion (unreserved and undesignated fund balance).
- 3 At the end of the 2005-2006 fiscal year, unreserved and undesignated fund balance for the general fund was \$672,927 or 5.64% of total general fund expenditures (including operating transfers).
- 4 The audit for the 2005-2006 represents significant changes regarding the make up and inclusion of funds within the Governmental Funds and Component Units when compared to previous years.
- 5 The 2005-2006 fiscal year audit classifies billed, but unpaid property taxes as deferred revenues. Therefore, there are significant changes in the fund balances of the General Fund when compared to previous years and a budgetary/accounting basis reconciliation has been included for clarification.

### ***OVERVIEW OF THE FINANCIAL STATEMENTS***

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of five components: (1) Government-wide Financial Statements, (2) Fund Financial Statements, (3) Component Unit Financial Statements, and (4) Notes to the Financial Statements (5) Other Information. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are

reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of Newaygo County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include legislative, judicial, general government, public safety, public works, health and welfare, recreation and culture, community and economic development, and other functions. The business-type activities include the administration of the delinquent property tax system, public works projects, and the building authority.

The government-wide financial statements include not only the County itself (known as the primary government), but also includes two legally separate entities: Newaygo County Central Dispatch Authority (E-911) and the Drain Commission. Financial information for the component units are reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 14-16 of this report.

**Fund Financial Statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

***Governmental funds.*** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 46 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, county jail, revenue sharing reserve, and medical care facility construction funds, each of which is considered to be a major fund. The non-major governmental funds are split into 3 debt service, 4 capital projects, a permanent/cemetery trust, and 34 special revenue funds. Data for the non-major funds is combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its general, special revenue, debt service, capital projects and permanent funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

The basic governmental fund financial statements can be found on pages 17-25 of this report.

***Proprietary funds.*** The County maintains two types of proprietary funds, enterprise funds and internal service funds. Enterprise funds report the same functions as business-type activities in the government-wide financial statements. The County maintains eight enterprise funds. The 2000 and prior delinquent tax revolving, 2005 delinquent tax revolving, and sanitary sewer construction funds are classified as major funds. The remaining 5 are non-major funds and are used to account for the delinquent tax revolving funds for the years 2001, 2002, 2003, and 2004, and to account for the building authority.

The County maintains internal service funds to account for and allocate costs internally among the County's various functions. The County uses 24 internal service funds to account for functions such as economic development, building demolition, information services, duplicating, drains, purchasing, telecommunications, motor/equipment pool, food services, building and grounds, contingencies, campus security and protected self-funded benefits and insurances (both liability and employee fringe benefits and insurances). Because these services predominantly benefit governmental functions, they have been included with governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 26-28 of this report.

***Fiduciary funds.*** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 91-93 of this report.

**Component Unit Financial Statements.** Component units are legally separate entities for which the County is financially accountable. Although Newaygo County has four component units, due to the lack of available financial data the County has elected to omit both the Newaygo County Road Commission and the Newaygo County Medical Care Facility.

The remaining component units, The Newaygo County Drain Commission and the Newaygo County Central Dispatch Authority are discretely presented. The Dispatch Authority operates the emergency-911 service for the County Board of Commissioners and it is financially accountable to the County.

Pursuant to the Michigan Drain Code of 1956 all drain districts are legally separate entities and are financially accountable to the County. Therefore, the various drainage districts, the drain revolving fund and the different lake associations are listed under the Drain Commission as a discretely presented component unit.

The component unit financial statements can be found on pages 30-31 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-55 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information*. This is limited to combining statements and schedules. Combining and individual fund statements and schedules can be found on pages 56-93 of this report.

## ***GOVERNMENT-WIDE FINANCIAL ANALYSIS***

### **Statement of Net Assets**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Newaygo County, assets exceeded liabilities by \$23,511,598 at the close of the most recent fiscal year.

### Newaygo County's Net Assets

	Governmental Activities		Business-type Activities		Total	
	2006	2005	2006	2005	2006	2005
<b>Assets</b>						
Current and other assets	\$ 17,154,109	\$ 19,403,118	\$ 17,424,138	\$ 8,529,841	\$ 34,578,247	\$ 27,932,959
Capital assets, net	12,806,128	12,918,391	8,015	-	12,814,143	12,918,391
Total assets	29,960,237	32,321,509	17,432,153	8,529,841	47,392,390	40,851,350
<b>Liabilities</b>						
Long-term liabilities	12,538,947	10,484,211	7,489,180	-	20,028,127	10,484,211
Other liabilities	1,169,124	1,684,890	2,683,541	1,682,310	3,852,665	3,367,200
Total liabilities	13,708,071	12,169,101	10,172,721	1,682,310	23,880,792	13,851,411
<b>Net assets</b>						
Invested in capital assets, net of related debt	5,368,858	10,288,391	8,015	-	5,376,873	10,288,391
Restricted	5,279,766	1,667,046	-	-	5,279,766	1,667,046
Unrestricted	5,603,542	8,196,971	7,251,417	6,847,531	12,854,959	15,044,502
Total net assets	\$ 16,252,166	\$ 20,152,408	\$ 7,259,432	\$ 6,847,531	\$ 23,511,598	\$ 26,999,939

The largest amount of County assets is cash and investments with capital assets a very close second. This level of cash and investments is considered favorable as most entities report capital assets as their largest asset.

Capital assets include land, buildings, vehicles and equipment less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt should be provided from other sources, since the capital assets themselves cannot readily be used to liquidate these liabilities. The County levies dedicated millages in the winter (December) and, in accordance with State statute, has begun to move the County's general operating tax levy from the winter to the summer (July). The shift started with a 1/3<sup>rd</sup> levy in July 2005 and will be complete by the July 2007.

In addition to the net assets invested in capital assets, net of debt, certain other restrictions on the use of net assets apply due primarily to legal guidelines. These restricted net assets total \$5,279,766. The remaining balance of *unrestricted net assets* (\$12,854,959 or 55%) may be used to meet the government's ongoing obligations to citizens and creditors.

## Statement of Activities

### Newaygo County's Changes in Net Assets

	<b>Governmental Activities</b>		<b>Business-type Activities</b>		<b>Total</b>	
	<b>2006</b>	<b>2005</b>	<b>2006</b>	<b>2005</b>	<b>2006</b>	<b>2005</b>

Change in net assets before transfers	(4,193,949)	3,197,884	705,608	1,509,743	(3,488,341)	4,707,627
<b>Transfers</b>	<u>293,707</u>	<u>504,900</u>	<u>(293,707)</u>	<u>(504,900)</u>	<u>-</u>	<u>-</u>
Change in net assets	(3,900,242)	3,702,784	411,901	1,004,843	(3,488,341)	4,707,627
Net assets, beginning of year, as restated	<u>20,152,408</u>	<u>16,449,624</u>	<u>6,847,531</u>	<u>5,842,688</u>	<u>26,999,939</u>	<u>22,292,312</u>
<b>Net assets, end of year</b>	<u>\$ 16,252,166</u>	<u>\$ 20,152,408</u>	<u>\$ 7,259,432</u>	<u>\$ 6,847,531</u>	<u>\$ 23,511,598</u>	<u>\$ 26,999,939</u>

The Statement of Activities shows that the primary government's net assets decreased by \$3,900,242 in 2006. This decrease is due to the recognition of the \$9,000,000 bond sale for the medical care facility as a liability. Unfortunately, since the subsequent construction is within a component unit, the construction is not classified as an asset of the County. The medical care facility construction fund spent \$5,709,826 under capital outlay during the fiscal year. This amount is presented as a decrease in assets. Were it not for the medical care facility construction, net assets would have increased over \$2,000,000.

## ***FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS***

As noted earlier the County of Newaygo uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental Funds:* The focus of the County's *governmental funds* is to provide information on near term inflows, outflows, and balances of *spendable* resources. Such information is useful in accessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The County general fund is the chief operating fund of the County. When utilizing the Non-GAAP Budgetary Basis, at the end of the 2005-2006 fiscal year, the County's ending fund balance for the general fund was \$1,165,474. The fund balance increase was relatively insignificant in scope, but reflects continued efforts on behalf of Administration and County departments to develop accurate budgets and operate within them.

When the funds are looked at individually, using the non-GAAP budgetary basis, we find the general fund added over \$90,000 to unrestricted fund balance. Non-major funds nearly doubled their collective fund balances from \$2,440,020 at the beginning of the year to an ending balance of \$4,014,010. Although the non-major funds saw a significant increase in fund balances, \$1.3 million was related to the sale of bonds for the expansion of the Health and Human Services Building.

### **Revenues**

#### Program charges for services

Program charges for services in the governmental funds totaled \$5,345,296. The amount was generated by general fund charges of \$2,479,083, county jail fund charges of \$1,374,632, and non-major fund charges of \$1,491,581. The total marks a significant increase from the previous year, which reported \$4,415,814 from charges for services. Over two-thirds of the increase was reported within the general fund.

#### Program operating grants and contributions

A major portion of this activity is generated in the general fund consisting of the court equity funds and of the special revenue fund amounts like friend of the court, community development, child care and social services. Program operating grants and contributions increased \$940,562 over the previous fiscal year.

#### Property taxes

On a budgetary basis, taxes totaled \$10.6 million in 2006, compared with \$9.7 million in 2005, \$7.2 million in 2004 and \$6.8 million in 2003. A large part of the increase is due to gains throughout the County in taxable value from new construction.

#### Investment earnings

Investment earnings within the general fund tripled in 2006 from \$71,173 in 2005 to \$235,830.

These increases were attributable to renewed efforts to maximize the returns in investments and the emergence of stronger financial markets.

## **Expenditures**

### Legislative Expenditures

Legislative expenditures were \$288,819.

### Judicial Expenditures

Judicial expenditures were \$3,279,341 which included general fund expenditures and non-major other governmental funds. The main components of the expenditures were:

General Fund	\$2,533,075
Non major (FOC)	\$ 746,266

The judicial expenditures were 21% of the total expenditures for the general fund (including operating transfers). The percentage is consistent with the previous years' totals.

### General Government Expenditures

General government expenditures were \$3,426,057. Within the general fund the general government category totaled \$3,239,767, equating to 27% of the total expenditures (including operating transfers). This presented total is consistent with previous years'. Some of the departments included within the general government category include the Prosecutor, Administrator, Accounting, County Clerk, Budget, Treasurer, Equalization, Personnel, and Payroll. The largest expenditure within the general government category is the Prosecutor at \$675,681 approximately 21% of the total.

### Public Safety Expenditures

Public safety expenditures totaled \$3,750,205, of which \$880,843 was in the general fund and \$2,869,362 was within the non-major governmental funds. The larger amounts in the non-major governmental funds represent the Sheriff's road patrol in the amount of \$1,409,465; the Building Inspection Department at \$501,410; the Animal Control Department at \$152,465; County Jail Trustee Management at \$123,074; Emergency Services at \$146,804 and the Transportation Fund for the Jail at \$151,316.

### Public Works Expenditures

Public works expenditures were \$150,476. The public works expenditures reflect a small drop from the previous year.

### Health and Welfare Expenditures

Health and welfare expenditures totaled \$7,562,423. The general fund amount was \$790,281; the County jail totaled \$2,973,880, and non-major funds totaled \$3,798,262. The major expenditure items in that category involved the Commission on Aging at \$1,504,353, Social Services at \$650,069, and Child Care at \$1,519,564.

### Community and Economic Development Expenditures

Community and economic development expenditures were \$358,887 which includes programs related to economic development, energy grants, planning and zoning, land use, and senior

citizens handicap grants and loans. These programs relate to either housing projects for senior citizens and low income individuals, activity to expand the economic activity within the County, or land use and planning issues.

### ***GENERAL FUND BUDGETARY HIGHLIGHTS***

The General Fund amended budget revenues reflect anticipated revenue as a result of a change in State statute. Just prior to the beginning of the 2004-2005 fiscal year, legislation was passed that eliminated state revenue sharing payments and required a shifting of the tax levy. The legislation mandated a full winter levy in December of 2004 and a one-third levy in July of 2005. Every year after an additional one-third levy will be moved, until 2007, when the entire levy will be on the summer tax levy. The mandate called for a cut in revenue sharing payments and the establishment of a designated fund for the extra three one-third levies. The amended budget reflects the County's reactions to those items.

The final amended general fund budget called for \$8,200,000 in property tax revenues. When the actual amount of property taxes collected within the general fund (\$6,338,036) is combined with the actual amount of property taxes collected but deposited within the revenue sharing reserve fund (\$1,967,659), the total received is approximately \$105,000 over the collective budgeted amount.

In the coming years, recent changes in the State of Michigan statutes will make it more difficult to budget the amount of anticipated property taxes. Annual budgets will be forced to predict the taxable value and subsequent Headlee Rollback well over a year prior to the numbers being known. This will cause more conservative estimates of the anticipated property tax revenue and a greater disparity between the budgeted and actual figures.

### ***CAPITAL ASSET AND DEBT ADMINISTRATION***

#### **Capital Assets**

The County's investment in capital assets for its governmental activities as of September 30, 2006 amounted to \$12,806,128 (net of accumulated depreciation). This investment in capital assets includes land and land improvements, buildings and improvements, machinery and equipment, and vehicles.

Some of the capital assets included:

- Beginning of expansion of the Health Services Building at a construction cost of \$1,400,000\*
- Renovations at the Sheriff's Department at a construction cost of \$7,124\*
- Construction of a North Admin. parking lot at a cost of \$65,230

- Beginning of renovations at the MSU Extension offices at a construction cost of \$15,000\*
- Installation and construction of a sea wall and docks at Sandy Beach at a cost of \$55,452
- New carpeting installed in two areas of the courthouse at a cost of \$2,687
- Rekeying of all buildings on campus at a cost of \$3,551\*
- Installation of fans in the courtrooms at a cost of \$1,400
- Installation of card key access at the Sheriff's Department at a cost of \$4,421
- Installation of card key access within the courthouse at a cost of \$5,121
- Installation of a fire suppressant system within the Administration computer room at a cost of \$8,353

\* Estimated Cost

**County of Newaygo's Capital Assets**  
(Net of Depreciation)

	<u>2005-2006</u>	<u>2004-2005</u>	<u>2003-2004</u>	<u>2002-2003</u>
Land and land improvements	\$ 1,241,871	\$ 1,259,331	\$ 1,274,361	\$ 1,264,882
Buildings and Construction	10,509,914	10,467,570	10,725,769	10,386,206
Office Equipment	862,999	991,338	949,109	1,053,405
Vehicles	191,344	200,152*	200,057	669,385

\*Note: The deprecation schedule for 2002-2003 was based on 8 years depreciation. The 2003-2004 to current schedule is based on 3 years depreciation.

Additional information on the County's capital assets can be found in note I.D.4 on page 37 and note III.E on pages 45-47 of this report.

**Long-term debt**

At the end of the current fiscal year, the County had outstanding bonds in the amount of \$19,374,180. At a minimum, all the bonds are backed by the County's faith and credit.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total assessed valuation. The current debt limitation for the County is significantly in excess of the County's outstanding general obligation debt.

Additional information on the County's long-term debt can be found in note III.F beginning on page 47 of this report.

## ***ECONOMIC FACTORS AND BUDGETS AND RATES FOR 2007***

The following factors were considered in preparing the County's budget for the 2007 fiscal year.

- The deterioration of the State's economy will likely result in additional decreases in state funding. The actual magnitude of the decrease will depend on the economy within the State of Michigan and continued budgetary cuts at the federal level.

Highlights of the 2006-2007 budget are as follows:

- Cost reductions throughout many facets of the budget.
- Budget balanced without the use of significant amounts of delinquent tax funds.
- Renewed efforts to attain the most accurate portrait of revenues and expenditures in the budget development phases.

## ***REQUESTS FOR INFORMATION***

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Tobi G. Lake, Administrator, 1087 Newell Street, P.O. Box 885, White Cloud, Michigan 49349.

## **BASIC FINANCIAL STATEMENTS**

The accompanying notes are an integral part of these financial statements.

**COUNTY OF NEWAYGO, MICHIGAN**  
**Reconciliation of Fund Balances on the Balance Sheet**  
**for Governmental Funds to Net Assets**  
**of Governmental Activities on the Statement of Net Assets**  
**September 30, 2006**

Fund balances - total governmental funds	\$ 10,568,470
------------------------------------------	---------------

Amounts reported for *governmental activities* in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources, and therefore not reported in the funds.

Add: capital assets not being depreciated	1,411,987
Add: capital assets being depreciated, net	10,992,111

Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current-period expenditures. Those assets (such as certain receivables) are offset by deferred revenue in the governmental funds, and thus are not included in fund balance.

Add: deferred property taxes	484,970
------------------------------	---------

Internal service funds are used by management to charge the costs of certain activities, such as insurance and other centralized costs, to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net assets.

Add: net assets of governmental activities accounted for in internal service funds	5,494,045
------------------------------------------------------------------------------------	-----------

Certain liabilities, such as bonds payable, are not due and payable in the current period, and therefore are not reported in the funds.

Subtract: bonds payable	(11,885,000)
Subtract: compensated absences	(653,947)
Subtract: accrued interest on long-term liabilities	(160,470)

Net assets of governmental activities	<u><u>\$ 16,252,166</u></u>
---------------------------------------	-----------------------------

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

**COUNTY OF NEWAYGO, MICHIGAN**  
**Reconciliation of the Statement of Revenue, Expenditures**  
**and Changes in Fund Balances**  
**of Governmental Funds to the Statement of Activities**  
**For the Year Ended September 30, 2006**

Net change in fund balances - total governmental funds	\$ 6,239,344
--------------------------------------------------------	--------------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Add: capital outlay	435,039
Subtract: depreciation expense	(462,454)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but rather are deferred to the following fiscal year.

Add: net change in property tax revenues	159,970
------------------------------------------	---------

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is a expenditure in the governmental funds, but the repayment reduces long term-liabilities.

Add: principal payments on long-term liabilities	230,000
Subtract: bond proceeds received	(10,300,000)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Subtract: change in accrued interest on bonds	(136,179)
Add: decrease in the accrual of compensated absences	55,264

Internal service funds are used by management to charge the costs of certain activities, such as insurance and other centralized costs, to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities:

Add: interest revenue from governmental internal service funds	45,888
Add: gain on disposal of capital assets in governmental internal service funds	1,466
Subtract: net operating income from governmental activities accounted for in internal service funds	(173,105)
Add: internal activities (transfers) accounted for in internal service funds	4,525

Change in net assets of governmental activities	\$ <u>(3,900,242)</u>
-------------------------------------------------	-----------------------

The accompanying notes are an integral part of these financial statements.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Newaygo, Michigan (the “County” or “government”) was incorporated in 1851 and covers an area of 864 square miles. The County operates under a seven-member elected Board of Commissioners and an appointed County Administrator/Controller.

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County’s accounting policies are described below.

#### A. Reporting entity

As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the County is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government’s operations and so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the government.

##### *Blended Component Unit*

The Building Authority is governed by a three-member board appointed by the Newaygo County Board of Commissioners. Its sole purpose is to finance and construct the County’s public buildings. It is reported as an Enterprise Fund and has a September 30 year-end. A separate report is not prepared for the Building Authority.

##### *Discretely Presented Component Units:*

Newaygo County Central Dispatch Authority (the “Authority”) – The Authority was established by resolution by the County Board of Commissioners. It establishes policy and reviews operations of the E-911 service for the County Board of Commissioners. The County Commission appoints the members of the Authority’s Board. The Authority is financially accountable to the County, as defined by GASB Statement No. 14, and is disclosed as a component unit, accordingly. The Authority has a September 30 year end.

Newaygo County Drain Commission (the “Drain Commission”) – All drainage districts established pursuant to the Michigan Drain Code of 1956 are separate legal entities with the power to contract, to sue and be sued, and to hold, manage and dispose of real and personal property. The statutory governing board of Chapter 5 and 6 drainage districts consists of the Michigan Director of Agriculture and the drain commission of each county involved in the project. The County Drain Commission has sole responsibility to administer Chapter 3 and 4 drainage districts. A drainage board or drain commissioner, on behalf of the drainage district, may issue debt and levy special assessments without the prior approval of the County. The full faith and credit of the County may be given for the debt of the drainage district. The Drain Commissioner is required by law to make an annual report to the Board of Commissioners in October. The Drain Commission is financially accountable to the County, as defined by GASB Statement No. 14, and is disclosed as a component unit, accordingly. The Drain Commission has a September 30 year end.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

In addition, the County has two component units, as defined by GAAP, which are excluded from these financial statements. The Newaygo County Road Commission and Medical Care Facility are administratively separate from the rest of the County, and engage other auditors to audit their stand-alone financial statements. While these entities are required to be a part of the County's financial reporting entity in accordance with GAAP, management believes that both component units are operationally independent of the County, and that their inclusion will be misleading.

### **B. Government-wide and fund financial statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

### **C. Measurement focus, basis of accounting, and financial statement presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds, a type of fiduciary fund, are unlike all other types of funds, reporting only assets and liabilities. Therefore, agency funds cannot be said to have a measurement focus. They do, however, use the accrual basis of accounting to recognize receivables and payables.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period or within one year for expenditure-driven grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, State revenue, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The County reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *county jail fund* accounts for the operations of the County Jail Facility. Primary revenue sources for this fund are rental fees, charges for housing prisoners, and an appropriation from the general fund.

The *revenue sharing reserve fund* accounts for accelerated property tax collections held for the replacement of future state shared revenues.

The *medical care facility construction fund* accounts for the expenditure of bond proceeds related to the rehabilitation of the Medical Care Facility.

The County reports the following major proprietary funds:

The *2000 and prior delinquent tax revolving fund* accounts for the collection and administration of delinquent property taxes levied in the year 2000 and prior levies.

The *2005 delinquent tax revolving fund* accounts for the collection and administration of delinquent property taxes levied in year 2005.

The *sanitary sewer construction fund* accounts for special assessment debt issued on behalf of local units, dollars received from the local units for the payment of principal and interest on this debt, and expenditures of bond proceeds.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

Additionally, the County reports the following fund types:

*Special revenue funds* account for revenue sources that are legally restricted to expenditure for specific purposes (not including major capital projects).

*Debt service funds* account for the servicing of general long-term debt not being financed by proprietary funds.

*Capital projects funds* account for the acquisition of capital assets or construction of major capital projects not being financed by proprietary funds.

*Enterprise funds* account for those operations that are financed and operated in a manner similar to private business or where the County has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

*Internal service funds* account for operations that provide services (such as equipment rentals and self-insurance) to other departments or agencies of the government, on a cost-reimbursement basis.

*Agency funds* are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the government holds for others in an agency capacity (such as taxes collected for other governments).

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Restricted net assets are assets that are subject to restrictions beyond the government's control. The restrictions may be externally imposed or imposed by law.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### **D. Assets, liabilities and equity**

#### ***1. Deposits and investments***

The government's cash and cash equivalents include amounts in demand deposit accounts, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition. Investments are stated at fair value.

State statutes authorize the government to deposit in the accounts of federally insured banks, credit unions and savings and loan associations and to invest in obligations of the United States, certain commercial papers, repurchase agreements, banker acceptances and mutual funds composed of otherwise legal investments.

Investment income resulting from funds in the pooled cash fund is allocated to the general fund based on County policy, except for the revenue sharing reserve special revenue fund which received a proportionate share of investment earnings based on average cash balance.

#### ***2. Receivables and payables***

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectibles, as applicable.

#### ***3. Inventories and prepaid items***

Inventories are valued at cost using the first-in/first-out method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### **4. Capital assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items acquired or constructed since 1980), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if any, is included as part of the capitalized value of the assets constructed. No such interest expense was incurred during the current fiscal year.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	25-40
Land improvements	10-20
Machinery and equipment	5-10
Vehicles	3-5
Bike paths and trailways	20
Drain infrastructure	20

### **5. Compensated absences**

Eligible employees are permitted to accumulate earned but unused vacation and sick pay benefits in varying amounts based on length of service and certain other established criteria. Sick and vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in government funds only if they have matured, for example, as a result of employee resignations and retirements.

### **6. Long-term obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### **7. Fund equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

## **II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

### **A. Budgetary information**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general and special revenue funds. All annual appropriations lapse at year end. The legal level of budgetary control is at the activity level in the general fund and at the functional level for the special revenue funds.

All departments and budgetary centers of the county are required to submit budget requests to the County Administrator. The Administrator then develops and presents a proposed budget to the Board for review. The Board generally holds public hearings in August and a final budget is approved prior to September 30, the close of the county's fiscal year. The appropriated budget is prepared by fund and department. Budget amendments and transfers of appropriations less than \$25,000 require Administrator approval. Board approval is required for all others.

### **B. Budget/GAAP Reconciliation**

The County has prepared its budget for the general fund recognizing the full amount of the July 1 property tax levy as revenue in the current year. GAAP requires that property taxes not collected by November 30 (60 days after year end) be deferred as "unavailable", and recognized in the following fiscal year. As the County intends to rely on the July 1 levy to fund current year operations, management believes it is appropriate to follow this budgetary (non-GAAP) basis in its internal accounting for property taxes, and disclose the difference between the budgetary basis and GAAP in the notes to the financial statements.

The Statement of Revenue, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual – General Fund is presented on the same basis of accounting used in preparing the adopted budget. The following schedule reconciles the amounts on that statement to the Statement of Revenue, Expenditures and Changes in Fund Balances – Governmental Funds.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

	<b>Budgetary Basis</b>	<b>Accounting Basis Difference</b>	<b>GAAP Basis</b>
<b>General Fund</b>			
Deferred revenue	\$ -	\$ 484,970	\$ 484,970
Property tax revenue	6,419,141	(159,970)	6,259,171
Fund balance, beginning of year	1,074,508	(325,000)	749,508
Fund balance, end of year	1,165,474	(484,970)	680,504

### C. Deficit fund balance

At September 30, 2006 the County reported a deficit fund balance of \$248,971 in the public works construction fund, and a deficit of \$217,900 in the drain fund.

### D. Excess of expenditures over budget

P.A. 621 of 1978, as amended, provides that a local unit shall not incur expenditures in excess of the amount budgeted. The approved budgets of the County were adopted on an activity level basis in the General Fund, and at the functional level for other governmental funds, which is the legal level of control.

Expenditures in the combining and individual fund financial statements have been presented at a level of detail greater than the level of legal budgetary control.

During the year ended September 30, 2006 the County incurred expenditures in certain budgetary funds which were in excess of the amounts budgeted, as follows:

	<b>Final Budget</b>	<b>Expenditures</b>	<b>Budget Variance</b>
General fund:			
Judicial – jury board	\$ 13,389	\$ 13,690	\$ (301)
Judicial – court guardian	37,280	40,769	(3,489)
General government – surveyor	116,278	155,543	(39,265)
General government – treasurer	326,324	326,764	(440)
Public safety – other	9,079	12,333	(3,254)
Health and welfare – Medical Care Facility			
Maintenance Effort	89,000	90,916	(1,916)
Health and welfare – medical examiner	87,301	88,237	(936)
County jail fund:			
Health and welfare	2,964,016	2,973,880	(9,874)
Transfers out	29,476	48,217	(18,750)
Nonmajor governmental funds:			
Animal control fund – public safety	146,200	152,465	(6,265)
Transport fund – public safety	148,841	151,316	(2,475)
Homestead exemption audit – general government	6,000	23,344	(17,344)
Social services – health and welfare	475,740	650,069	(174,329)
Child care – health and welfare	1,210,496	1,519,564	(309,069)

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

### III. DETAILED NOTES ON ALL FUNDS

#### A. Deposits and investments

The County maintains pooled and individual fund demand deposits, certificates of deposit and short-term investment accounts for the primary government and discretely presented component units. Certain imprest demand deposit accounts are also maintained by discretely presented component units.

Following is a reconciliation of deposit and investment balances as of September 30, 2006:

	<b><u>Primary Government</u></b>	<b><u>Component Units</u></b>	<b><u>Total</u></b>
Cash on hand	\$ 585	\$ -	\$ 585
Carrying amount of checking and savings accounts	17,298,686	641,335	17,940,021
Carrying amount of certificates of deposit	4,347,804	-	4,347,804
Carrying amount of investments	<u>5,737,051</u>	<u>-</u>	<u>5,737,051</u>
<b>Total</b>	<b><u>\$ 27,384,126</u></b>	<b><u>\$ 641,335</u></b>	<b><u>\$ 28,025,461</u></b>
<b>Statement of net assets</b>			
Cash and cash equivalents	\$ 11,571,386	\$ 641,335	\$ 12,212,721
Investments	<u>10,107,150</u>	<u>-</u>	<u>10,107,150</u>
	21,678,536	641,335	22,319,871
<b>Statement of fiduciary net assets</b>			
Cash and cash equivalents	<u>5,705,590</u>	<u>-</u>	<u>5,705,590</u>
<b>Total</b>	<b><u>\$ 27,384,126</u></b>	<b><u>\$ 641,335</u></b>	<b><u>\$ 28,025,461</u></b>

The County chooses to disclose its investments by specifically identifying each. As of year end, the County had the following investments.

<b>Investment</b>	<b>Maturity Date</b>	<b>Interest Rate</b>	<b>Fair Value</b>	<b>Rating</b>
FNMA	11/09/06	2.500%	\$ 99,813	S&P AAA
FHLB	09/06/07	4.250%	99,781	S&P AAA
FHLB	10/30/08	3.250%	99,188	S&P AAA
FHLMC	10/15/09	5.650%	197,192	S&P AAA
FNMA	02/15/13	4.500%	29,512	S&P AAA
FHLMC	01/09/07	4.510%	158,804	S&P AAA
Commercial Paper	03/28/07	5.191%	341,718	A1P1
FHLB	11/01/06	4.500%	90,000	S&P AAA
FNMA	11/08/06	5.000%	1,298,700	S&P AAA

FHLB	02/22/01	5.150%	99,344	S&P AAA
FHLB	03/29/07	2.500%	198,250	S&P AAA
FHLB	12/19/08	5.500%	98,219	S&P AAA
FHLB	09/21/07	5.200%	99,781	S&P AAA
			<u><u>\$ 5,737,051</u></u>	

*Interest Rate Risk.* State law limits the allowable investments and the maturities of some of the allowable investments as identified in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturity dates have been identified above for the County's investments.

*Credit Risk.* State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in the list of authorized investments in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment credit risk. Credit risk ratings, where applicable, have been identified above for the County's investments.

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. State law does not require and the County does not have a policy for deposit custodial credit risk. As of year end, \$22,395,395 of the County's bank balance of \$23,295,395 was exposed to custodial credit risk because it was uninsured and uncollateralized.

The County's investment policy does not specifically address this risk, although the County believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the County evaluates each financial institution with which it deposits County funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

*Custodial Credit Risk – Investments.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the County does not have a policy for investment custodial credit risk. As of September 30, 2006, none of the County's investments were exposed to risk since the securities are held in the County's name by the counterparty.

*Concentration of Credit Risk.* State law limits allowable investments but does not limit concentration of credit risk as identified in the list of authorized investments in the summary of significant accounting policies. The County's investment policy limits investments in a single financial institution of a single security type (with the exception of U.S. Treasury securities and authorized pools) to 70% of the total investment portfolio. All investments held at year end are reported above.

### B. Receivables

Receivables in the governmental and business-type activities are as follows:

	<b><u>Governmental Activities</u></b>	<b><u>Business-type Activities</u></b>
Taxes (current)	\$ 896,883	\$ -
Taxes (delinquent)	-	2,289,585
Accounts	775,699	-
Due from other governments	625,686	-
Leases (Note III.F.)	-	7,603,753
	<b><u>\$ 2,298,268</u></b>	<b><u>\$ 9,893,338</u></b>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. All governmental activities defer revenue recognition in connection with resources that have been received, but not earned. At the end of the current fiscal year, the various components of deferred revenue reported in governmental activities were as follows:

	<b><u>Unavailable</u></b>
<b>Governmental Funds:</b>	
Property taxes receivable	<b><u>\$ 484,970</u></b>

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

### C. Accounts payable

Accounts payable and accrued liabilities in the governmental and business-type activities are as follows:

	<b><u>Governmental Activities</u></b>	<b><u>Business-type Activities</u></b>
Accounts	\$ 598,170	\$ 37,991
Accrued liabilities	342,484	-
Due to other governments	68,000	-
Accrued interest on long-term debt	<u>160,470</u>	<u>114,585</u>
	<b><u>\$ 1,169,124</u></b>	<b><u>\$ 152,576</u></b>

### D. Interfund receivables and payables

The composition of interfund balances as of September 30, 2006, was as follows:

#### Due to and from primary government funds

	<b><u>Due from fund</u></b>	<b><u>Due to fund</u></b>
General fund	\$ -	\$ 880
Nonmajor governmental funds	32,507	13,013
2000 and prior delinquent tax fund	23,000	-
Nonmajor enterprise funds	-	-
Internal service funds	<u>25,725</u>	<u>67,339</u>
	<b><u>\$ 81,232</u></b>	<b><u>\$ 81,232</u></b>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

#### Interfund receivables and payables

	<b><u>Interfund Receivable</u></b>	<b><u>Interfund Payable</u></b>
General fund	\$ 2,112,598	\$ -
County jail	253,587	-
Nonmajor governmental funds	41,651	-
2000 and prior delinquent tax fund	<u>-</u>	<u>2,407,836</u>
	<b><u>\$ 2,407,836</u></b>	<b><u>\$ 2,407,836</u></b>

The balances result from funds with negative balances in the County's pooled cash and investments.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### Long-term advances between primary government funds

	<b><u>Advances to Funds</u></b>	<b><u>Advances from Funds</u></b>
General fund	\$ -	\$ -
Nonmajor governmental funds	10,000	250,000
2000 and prior delinquent tax	250,000	-
Internal service funds	-	10,000
	<b><u>\$ 260,000</u></b>	<b><u>\$ 260,000</u></b>

These advances are primarily to fund capital outlay initiatives and will be repaid as the fund collects special assessment revenue on the improvements.

### Due to and from primary government and component units

	<b><u>Due from Component Units</u></b>	<b><u>Due to Primary Government</u></b>
General fund	\$ 300,000	\$ -
Nonmajor governmental funds	77,589	-
2000 and prior delinquent tax	322,939	-
Drain Commission	-	700,528
	<b><u>\$ 700,528</u></b>	<b><u>\$ 700,528</u></b>

For the year ended September 30, 2006, interfund transfers consisted of the following:

	<b><u>Transfers Out</u></b>	<b><u>Transfers In</u></b>
General fund	\$ 3,722,717	\$ 1,518,300
County jail	48,217	1,402,885
Revenue sharing reserve	844,754	-
Nonmajor governmental funds	483,652	2,467,337
2000 delinquent tax fund	45,000	12,276
Nonmajor enterprise funds	260,983	-
Internal service funds	861,374	865,899
	<b><u>\$ 6,266,697</u></b>	<b><u>\$ 6,266,697</u></b>

Transfers are used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

### **F. Long-term debt**

**General Obligation Bonds.** The government issues general obligation bonds to provide funds to construct major capital facilities and refund previously issued bonds. Such bonds are generally repaid from voter-approved property tax levies, interfund transfers and contributions from local municipalities. The County has pledged its full faith and credit for payment on the general obligation bonds. Also, under the terms of certain bond agreements, local units have pledged their full faith and credit to pay the County each year such amounts

General obligation bonds of business-type activities are offset by capital leases receivable from the local units of government for which the bonds were issued in the County's name. The terms of these capital leases, which relate to water and sewer systems constructed by the County on behalf of the local units, match the debt maturity requirements of the related bonds.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

General obligation bonds outstanding at year end are as follows:

	Issuance Date	Interest Rates	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>General obligation bonds</b>							
<i>Governmental activities</i>							
FIA Building Authority	1/1/1995	4.4%-4.7%	\$ 1,275,000	\$ -	\$ 185,000	\$ 1,090,000	\$ 195,000

## Notes to Financial Statements

**Changes in Long-Term Debt.** Long-term liability activity for the year ended September 30, 2006, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>Governmental activities</b>					
General obligation bonds	\$ 1,815,000	\$ 10,300,000	\$ 230,000	\$ 11,885,000	\$ 445,000
Compensated absences	709,211	2,245	57,509	653,947	57,174
Total Governmental Activities	<u>\$ 2,524,211</u>	<u>\$ 10,302,245</u>	<u>\$ 287,509</u>	<u>\$ 12,538,947</u>	<u>\$ 502,174</u>
<b>Business-type activities</b>					
General obligation bonds	<u>\$ 7,522,736</u>	<u>\$ 361,444</u>	<u>\$ 395,000</u>	<u>\$ 7,489,180</u>	<u>\$ 395,000</u>

For the governmental activities, compensated absences are generally liquidated by the general fund.

### G. Short-term debt

**Notes Payable.** The 2005 delinquent tax revolving fund issued a note payable for the 2005 property tax settlement. Short-term debt activity for the year ended September 30, 2006, was as follows:

	Issuance Date	Interest Rates	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
2005 Delinquent Tax Revolving Fund							
Note payable	5/16/2006	Varies	<u>\$ -</u>	<u>\$ 4,030,265</u>	<u>\$ 1,500,000</u>	<u>\$ 2,530,265</u>	<u>\$ 2,530,265</u>

Debt service requirements for fiscal year 2007 to maturity for notes payable is estimated to be \$29,262 based on the actual timing of principal payments, which vary based on cash flow.

## IV. OTHER INFORMATION

### A. Risk management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is insured with private carriers for employee health care, life insurance, and disability coverage. The County is a member of the Michigan Association of Counties Workers Compensation Fund (MACWCF) for its worker's compensation coverage. The County is an individual member of the Michigan Municipal Risk Management Authority (MMRMA) for its property and general liability insurance coverage.

The County makes annual contributions to MMRMA based on actuarial studies using historical data and insurance industry statistics. Such contributions as received by MMRMA are allocated between its general and member retention funds. Economic resources in the MMRMA's general fund are expended for reinsurance coverage, claim payments and certain general and administrative costs, whereas resources in the member retention fund are used for loss payments and defense costs up to the members' self-insured retention limits along with certain other member-specific costs.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

Changes in the estimated claims liability are as follows:

	<u>2006</u>	<u>2005</u>
Unpaid claims, beginning of year	\$ 135,988	\$ -
Incurred claims	221,687	285,859
Claim payments	<u>(221,687)</u>	<u>(149,871)</u>
<b>Unpaid claims, end of year</b>	<b><u>\$ 135,988</u></b>	<b><u>\$ 135,988</u></b>

Additionally, the County provides health and wellness benefits to its employees through a self-insurance program that is administered by the County. Premiums are paid into the Health and Wellness internal service fund by all other funds and are available to pay claims and administrative costs of the program. Interfund premiums are based primarily upon claims experience and are reported as quasi-external interfund transactions.

The County estimates the liability for its self-insured coverages and includes both those claims that have been reported as well as those that have not yet been reported. These estimates are prepared with the assistance of the County's third-party administrators for claims management and are recorded in the Self-Insurance internal service fund. Changes in the estimated claims liability are as follows:

	<u>2006</u>	<u>2005</u>
Unpaid claims, beginning of year	\$ 164,805	\$ -
Incurred claims	1,566,847	2,116,211
Claim payments	<u>(1,566,847)</u>	<u>(1,951,406)</u>
<b>Unpaid claims, end of year</b>	<b><u>\$ -</u></b>	<b><u>\$ 164,805</u></b>

### B. Property taxes

Heretofore, County property taxes have been levied on December 1 of each year (the lien date) and were due in full by March 1 of the year following the levy, at which time uncollected taxes became delinquent. Pursuant to Public Act 357 of 2005, which provides a funding mechanism to replace state revenue sharing payments to counties, the County's levy date is gradually shifting (or accelerating) from December 1 to July 1 of each year. As such, for the year ended September 30, 2006, the County recognized two-thirds of the December 1, 2005 levy and two-thirds of the July 1, 2006 levy, which represents two-thirds of the total levy for 2006. In 2007, and for each year thereafter, all of the County property tax will be levied July 1.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

Property taxes are levied on the assessed taxable value of the property as established by local units, accepted by the County and equalized under State statute at approximately 50% of the current estimated market value.

The assessed and taxable value of real and personal property for the 2005 and 2006 levies, for which revenue was recognized in 2006, was \$1,163,762,640 and \$1,243,679,715, respectively. The general operating tax rate for this levy was 5.3984 mills and 5.3858 mills, respectively with an additional 0.9245 mills assessed for Sheriff Road Patrol operations, .0921 mills assessed for Veterans' affairs, .4622 mills assessed for Newaygo County commission on aging, and 0.4700 mills assessed to fund debt service payments on the medical care facility bonds.

### **C. Contingent liabilities**

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County and its attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

### **D. Employee retirement systems and plans**

#### **Plan description**

Based on hire date, some of the primary government's full-time employees are eligible to participate in the Municipal Employees Retirement System of Michigan (MERS), an agent multiple-employer, defined benefit pension plan. The System is administered by the MERS retirement board. MERS provides retirement and disability benefits, as well as death benefits to plan members and beneficiaries. The plan is currently closed to all employees who are currently offered participation in the defined contribution plan instead.

Act No. 427 of the Public Acts of 1984, as amended, establishes and amends the benefit provisions of the participants in MERS. A publicly available financial report that includes financial statements and required supplementary information for MERS may be obtained by writing to the Municipal Employees Retirement System of Michigan, 1134 Municipal Way, Lansing, Michigan 48917, or by calling (800) 767-6377.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### Funding policy

The County is required to contribute at an actuarially determined rate; the current rate for the County is -% to 13.83% of annual covered payroll depending on the employee group. Participating employees are required to contribute -% to 2.94% of their annual salary depending on their assigned department. The contribution requirements of the County are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members are established and may be amended by the County Board of Commissioners, depending on the MERS contribution program adopted by the County.

For the year ended September 30, 2006, the annual pension cost of \$495,957 was equal to the required and actual contributions of the County. The required contributions were determined as part of the December 31, 2005 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increase of 4.5% per year compounded annually, attributable to inflation, (c) additional projected salary increases of 0.0% to 8.4% per year, depending on age, attributable to seniority/merit, and (d) the assumption that benefits will increase 2.5% per year after retirement for certain retirees depending on the benefit option selected. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and includes an adjustment to reflect fair value. The County's unfunded actuarial accrued liability is being amortized over a range between 22-28 years, depending on the employee group, as a level percentage of projected payroll on an open basis. The latest actuarial valuation was performed as of December 31, 2005.

### Defined Contribution Pension Plan

The County provides pension benefits for substantially all of its full-time employees through the Newaygo County Defined Contribution Pension Plan, a defined contribution plan. The Newaygo County Board of Commissioners is the administrator of the plan and also establishes and amends the plan provisions and the contribution requirements. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings. Employees are eligible to participate immediately upon hire. By County Resolution, the plan requires the County to contribute, on behalf of each covered employee, 5.0% of the employees' compensation. The County is also required to match employee contributions up to 3.0% of compensation.

Participants may make voluntary contributions into the plan. The County's contributions for each employee (and interest allocated to the employee's account) are fully vested after four years of continuous service. The employee contributions become fully vested at the time of their contribution to the plan. County contributions for, and interest forfeited by, employees who leave employment before four years of service are used to reduce the County's current-period contribution requirement. Vesting is based on years of participation in the plan. If the employee withdraws from the plan, that period of time is not included as time vested.

The County made the required contribution to the plan, amounting to \$284,953, and employee contributions were \$109,284 for the year ended September 30, 2006.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### **E. Long-term lease**

The County is a party to a long-term lease agreement for rental of a building to the Intermediate School District. The lease stipulates that fixed annual rentals will be paid to the County by the Intermediate School District and such rentals are pledged exclusively for payment of principal and interest on the Building Authority bonds. In addition, the Intermediate School district pledges its unlimited tax, full faith, and credit as security under the lease. Fixed annual rentals will cease after all bonds have been retired and advanced rentals repaid. The lease agreement provides, further, that after all bonds are retired and advanced rentals repaid, title to the land and buildings will vest to the Intermediate School District.

### **F. Restatements**

#### Governmental activities

Beginning fund balance of the *Emergency Services Special Revenue Fund* was increased by \$57,500 to record grant expenditures not accrued in fiscal year 2005.

In the prior year, the *Drains Capital Project Fund*, *Brooks Lake Board Fund*, *Hess Lake Improvement Fund*, *Diamond Lake Board Fund*, *Ryerson Lake Board Fund*, and *Engle Wright Lake Board Fund* were reported as governmental funds with combined fund balances of \$(148,741). In the current year, the activities of these funds were reclassified as the drain commission discretely presented component unit.

The *Sanitary Sewer Construction Fund* reported restricted assets and bond proceeds in the amount of \$437,716 for amounts not actually drawn down prior to year end. Beginning fund balance was decreased by this amount in the 2006 presentation.

The *Public Works Construction Fund* received an advance of \$375,000 that was erroneously recorded as a component of fund balance instead of as an advance from other fund. Beginning fund balance was decreased by this amount in 2006.

The beginning fund balance of the *Motor Pool Internal Service Fund* was increased by \$12,943 to adjust beginning capital asset balances to the correct amount.

Beginning net assets of governmental activities were increased by \$2,137,197 to reflect 1) the *Emergency Services Fund* accrual adjustment described above, 2) the reclassification of several funds from governmental funds to a discretely presented component unit, as described above, 3) reclassification of special assessment debt from governmental activities to the *Sanitary Sewer Fund*, 4) to adjust beginning capital asset balances in the *Motor Pool Fund* as described above, and 5) to record beginning accrued interest payable on long-term debt which was not recorded in the prior year.

# COUNTY OF NEWAYGO, MICHIGAN

## Notes to Financial Statements

---

### Business-type activities

The beginning fund balance of the *Sanitary Sewer Fund* (previously reported as a governmental fund, see above) was decreased by \$115,617 to properly account for accrued interest payable on long-term debt which was not recorded in the prior year.

### Component Units

Beginning net assets of the *Drain Commission Component Unit* (previously reported as governmental funds, see above) was increased by \$864,069 to 1) record beginning fixed assets of \$256,571, net of accumulated depreciation, and 2) to recognize revenue from certain long-term receivables incorrectly deferred in the prior year.

In the prior year, the *Newaygo County Central Dispatch Authority* and the *E-911 Services* component units were reported as separate funds. In the current year, these activities were combined into a single fund.

## Notes to Schedule of Expenditures of Federal Awards

---

### 1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of Newaygo County, Michigan (the "County"). Federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on the Schedule.

The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

### 2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note I of the County's financial statements.

Amounts presented on the Schedule of Expenditures of Federal Awards agree with or reconcile to amounts presented in the financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

December 8, 2006

To the Board of Commissioners  
of Newaygo County, Michigan  
Newaygo, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the *County of Newaygo, Michigan*, as of and for the year ended September 30, 2006, which collectively comprise the basic financial statements, and have issued our report thereon dated December 8, 2006. The report on the aggregate discretely presented component units was qualified for the omission of the Newaygo County Road Commission and Medical Care Facility, which are required to be a part of the County's financial reporting entity. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Newaygo County, Michigan's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Newaygo County, Michigan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted other matters involving the internal control over compliance, financial reporting and/or operating efficiency that we have reported to the management of Newaygo County, Michigan in a separate letter dated December 8, 2006.

This report is intended solely for the information and use of the audit committee, management, others within the organization, Board of Commissioners, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH  
REQUIREMENTS APPLICABLE TO MAJOR PROGRAMS  
AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE  
WITH OMB CIRCULAR A-133**

December 8, 2006

To the Board of Commissioners  
of Newaygo County, Michigan  
Newaygo, Michigan

**Compliance**

We have audited the compliance of *Newaygo County, Michigan* with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal programs for the year ended September 30, 2006. Newaygo County, Michigan's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs is the responsibility of Newaygo County, Michigan's management. Our responsibility is to express an opinion on Newaygo County, Michigan's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Newaygo County, Michigan's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Newaygo County, Michigan's compliance with those requirements.

In our opinion, Newaygo County, Michigan complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended September 30, 2006.

### **Internal Control Over Compliance**

The management of Newaygo County, Michigan is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Newaygo County, Michigan's internal control over compliance with requirements that could have a direct and material effect on major federal programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the County's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grants. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 2006-1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we do not consider the reportable condition described above to be a material weakness.

### **Schedule of Expenditures of Federal Awards**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the ***County of Newaygo, Michigan***, as of and for the year ended September 30, 2006, which collectively comprise the basic financial statements, and have issued our report thereon dated December 8, 2006. The report on the aggregate discretely presented component units was qualified for the omission of the Newaygo County Road Commission and Medical Care Facility, which are required to be a part of the County's financial reporting entity. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Newaygo County, Michigan's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, others within the organization, Board of Commissioners, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script, reading "Lehmann Johnson".

## Schedule of Findings and Questioned Costs (Continued)

For the Year Ended September 30, 2006

---

### SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

#### 2006-1 Identification of Federal Awards Expended (Continued)

<b>Condition:</b>	In connection with our audit, we requested that the County provide a preliminary schedule of expenditures of federal awards (SEFA). While the document provided did include a complete listing of the federal awards administered, it was lacking key information such as CFDA numbers and the amount expended. The amounts initially recorded on the County's general ledger (before adjustment) as federal revenues earned differed from federal expenditures reported to awarding agencies, and required adjustments in amounts that were significant, but not material to the total of federal awards expended. It appears that the County does not have a centralized grant administration function to ensure that a complete and accurate SEFA will be prepared each year.
<b>Effect:</b>	This condition increases the risk that the County will be unable to accurately produce a schedule of expenditures of federal awards, as required by OMB Circular A-133.
<b>Cause:</b>	This condition appears to be the result of (1) past practice not having been previously questioned during the County's annual audits, and (2) the County's substantially decentralized grant administration process.
<b>Recommendation:</b>	We recommend that the County formally adopt a policy for grants administration, and clearly assign the responsibility for grant reporting and preparation of the SEFA each year. All grant financial reports should be reviewed centrally by a member of management prior to submission, and compared against the County's accounting records. Incoming grant receipts should similarly be reviewed to determine the appropriate program for coding. Differences between amounts requested, amounts received, and/or amounts reported on the County's accounting records should be promptly investigated and resolved.
<b>Management's response:</b>	Although previous auditors have never questioned the County's practices, in early 2006, management recognized room for improvement in the County's administration of grants. At that time, efforts were made to develop plans that would centralize and strengthen the internal controls and administration of County grants. In the summer of 2006, as a result of those plans, the County Administrator recommended a restructure of the Administration Office and the creation of a position to focus on the administration of the County's grants. At their July 2006 meeting, the Board of Commissioners approved Motion #06-304, creating the General

# **NEWAYGO COUNTY, MICHIGAN**

## **Schedule of Findings and Questioned Costs (Concluded)**

**For the Year Ended September 30, 2006**

---

### **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)**

#### **2006-1 Identification of Federal Awards Expended (Continued)**

**Management's  
Response:**

Accounting/Grants Manager position and requisite job description. A major function of the new position was to ensure compliance with grant accounting requirements and administrative oversight.

After a lengthy recruitment process, the position was filled in January 2007. While it will take some time for the new Grants Manager to receive training to become familiar with the various grants and their corresponding protocol, we are confident the position will strengthen the County's administration of grants, as well as ensure better compliance with reporting requirements in the future.

The creation of a Grants Manager position is the first step of many in strengthening the procedures for reporting and accounting for grants within Newaygo County. Future efforts will involve the centralization of grant oversight and tracking, as well as the likely adoption of a Grants Administration Policy to reinforce those efforts.

### **SECTION IV – PRIOR YEAR FEDERAL AWARD FINDINGS**

None.

\* \* \* \* \*

# REHMANN ROBSON

*Certified Public Accountants*

A member of THE REHMANN GROUP

December 8, 2006

To the Board of Commissioners of the  
County of Newaygo  
White Cloud, Michigan

We have audited the financial statements of the County of Newaygo for the year ended September 30, 2006, and have issued our report thereon dated December 8, 2006. Professional standards require that we provide you with the following information related to our audit.

**Our Responsibility Under Auditing Standards Generally Accepted in the United States of America and OMB Circular A-133**

As stated in our engagement letter dated October 3, 2006, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement and are fairly presented in accordance with accounting principles generally accepted in the United States of America. Because an audit is designed to provide reasonable, but not absolute assurance and because we did not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us.

In planning and performing our audit, we considered the County of Newaygo's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the County of Newaygo's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with OMB Circular A-133, we examined, on a test basis, evidence about the County of Newaygo's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* applicable to each of its major federal programs for the purpose of expressing an opinion on the County of Newaygo's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the County of Newaygo's compliance with those requirements.

**Significant Accounting Policies**

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we advised management about the appropriateness of accounting policies and their application. The significant accounting policies used by the County of Newaygo are described in Note I to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. Other than the prior period adjustments described in Note IV.F to the financial statements, we noted no transactions entered into by the County of Newaygo during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

**Accounting Estimates**

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Management's estimate of the original cost and accumulated depreciation of its infrastructure capital assets is based on current replacement costs, and an assumed rate of inflation from the dates of original acquisition/construction. We evaluated the key factors assumptions used to develop the original cost and accumulated depreciation of the County's infrastructure capital assets in determining that they are reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the useful lives of depreciable fixed assets is based on the length of time it is believed that those assets will provide some economic benefit in the future. We evaluated the key factors and assumptions used to develop the useful lives of those assets in determining that they are reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the allowance for uncollectible receivable balances is based on past experience and future expectation for collection of various account balances. We evaluated the key factors and assumptions to develop the uncollectible receivable balances in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the liability for uninsured risks of loss, including incurred but not reported claims, which are accounted for in certain of the County's internal service funds and for which the County utilizes the services of an independent third-party risk management consultant to estimate the liability. We relied upon the work of the third-party expert in determining that the liability is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the amounts due from local units for delinquent real property taxes receivable is based on the County's records of cumulative payments made for chargebacks over a span of many years. We evaluated the County's current reconciliation and collection efforts, as well as the collectability of such amounts in determining that they are reasonable in relation to the financial statements taken as a whole.

### **Audit Adjustments**

For purposes of this letter, professional standards define an audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. An audit adjustment may or may not indicate matters that could have a significant effect on the County of Newaygo's financial reporting process (that is, cause future financial statements to be materially misstated). During the course of our audit, we identified various matters relating to the proper presentation and reporting of various assets and liabilities, which required adjustment, all of which were reviewed and approved by management, and posted in the County's accounting system. In addition, as described in Note IV.F to the financial statements, we proposed (and the County posted) certain prior period adjustments to properly state beginning fund balances/net assets. In our judgment, the aggregate effect of these adjustments had a significant effect on the County of Newaygo's financial reporting process.

### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### **Consultations with Other Independent Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### **Issues Discussed Prior to Retention of Independent Auditors**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County of Newaygo's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### **Difficulties Encountered in Performing the Audit**

We encountered no difficulties in dealing with management in performing our audit.

This letter and the accompanying memorandum are intended for the use of the Board of Commissioners, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink, appearing to read "Lehmann Johnson", is positioned at the bottom right of the page.

## **Comments and Recommendations**

**For the Year Ended September 30, 2006**

---

During our audit, we became aware of certain issues regarding internal control and financial reporting. This memorandum summarizes our comments and suggestions regarding these matters. This memorandum does not affect our report dated December 8, 2006 on the financial statements of the County of Newaygo.

### **Independent Review of Journal Entries**

As is the case with any governmental unit, management prepares and posts numerous journal entries to the County's general ledger in the ordinary course of business. In connection with our audit, we selected a representative sample of these journal entries for testing. We noted that the County does not currently have a formal policy in place requiring that all journal entries be reviewed and approved by an individual other than the preparer, though as a practical matter, these reviews typically do take place. As general journal entries represent an easy way to bypass otherwise effective internal controls, we recommend that the County enhance its system of internal control by requiring such an independent review of all journal entries, especially those prepared by members of senior management. These reviews should be initialed and dated as evidence of the control being followed.

### **Reconciliation of Cash and Investment Accounts**

As part of our audit of the County's cash balances, we examined copies of the monthly bank reconciliations prepared by the County Treasurer's office. Based on our review, it appears that reconciliations are being performed timely. However, there still remain many reconciling items that are very old, and may require further adjustment to properly state the County's actual cash balances. While the amounts involved are not material to the County's financial statements taken as a whole, we would nevertheless encourage the Treasurer's office to continue its efforts to identify and clear old reconciling items. In general, any checks still outstanding after one year should be escheated to the State Treasurer's office, in accordance with applicable statutes. Similarly, outstanding deposits or other differences not cleared within 90 days should be addressed with the County's financial institutions, or written-off, as appropriate. We understand that the Treasurer's office was already well underway with this endeavor before we began our audit, and would like to commend the County for its efforts thus far, and encourage it to continue this process until all of the County's accounts are completely free from noncurrent reconciling items.

In addition to its various cash accounts, the County also maintains certain investments—generally U.S. Government securities and similar vehicles. While these accounts have significantly less activity in them throughout the year, periodic account reconciliations are still an important internal control over these investment balances. We noted that these accounts have not been consistently updated for the accumulation of reinvested interest earnings or other transactions. Accordingly, we recommend that the Treasurer's office include these investment accounts in the monthly reconciliation process currently being followed for the cash accounts noted above. To further enhance the internal control over both cash and investments, the County should also require a second individual (other than the preparer) to review, initial, and date each reconciliation once completed.

### **Delinquent Property Taxes/Chargebacks**

In connection with its responsibilities to administer the delinquent tax collection process for all local governments within the County, the Treasurer's office makes a substantial number of refund payments to individual tax payers (e.g., for board of review changes, or based on judgments of the Michigan Tax Tribunal). In such cases, the County is then eligible to receive reimbursement from the local units affected by such tax refunds in the form of property tax "chargebacks". Similarly, in those cases where the County is ultimately unable to fully recover the taxes outstanding on a property (even after the tax sale), any shortfall is to be borne by the local units, rather than the Delinquent Tax Revolving Fund, again by means of chargebacks.

Through our discussions with the County Treasurer's office, it appears that the County did not properly invoice the local units for these chargebacks over a period of many years. Accordingly, the County now has a significant receivable on its books that has not been collected for some time. The Treasurer's office has undertaken the task of reconciling and invoicing these long-overdue chargebacks, though the process is very time consuming, and was not yet complete at the time of our audit.

We would like to commend the County for its efforts thus far, and encourage it to continue this process until all of the County's past delinquent tax chargebacks have been properly billed and collected, or written off, as necessary.

### **Escheatable Monies**

The County holds various funds in a fiduciary capacity in its agency funds. Such amounts should generally be supported by subsidiary ledgers which indicate the individuals or cases for which the funds are held. During our audit, we identified several accounts for which such detail was unavailable. We recommend that the County endeavor to prepare appropriate reconciliations for all such accounts. Any amounts not clearly attributable to a specific individual or case should be escheated to the State Treasurer's office in accordance with applicable statutes.

One such account is the Jail Inmate Trust, maintained by the County Sheriff's office. This account is supported by a jail management computer software application, which tracks balances by inmate. However, the system is not capable of generating a detailed report of inmate balances for a past date (i.e., it can only be run in real time for current balances). In this case, we recommend that the County produce this detail on a monthly basis, and incorporate it into the bank reconciliation process.
